

International ADR Development Service: Mauritius

ADR Group has been appointed by the Commonwealth Telecommunications Organisation (CTO) to deliver specialist mediator training programmes to its member organisations in Mauritius.

The programmes are due to commence in June 2009.

The delegates include representatives from global telecom organisations based in Mauritius and southern Africa, including lawyers, directors and senior managers.

The programmes will equip delegates with the necessary foundation knowledge, skills and competencies to become commercial mediators in the highly competitive industry of telecoms. Delegates will have the opportunity to undertake advanced negotiation and accreditation programmes.

ADR Group first began working the CTO in 2006 when it agreed terms under a Memorandum of Association. ADR Group helped launch the CTO ADR Centre, a dedicated dispute resolution resource for CTO members worldwide. The CTO engages the services of ADR Group panel mediators through the CTO ADR Centre.
